POLICY

- 1. School profile

ACPS is a medium school with a wonderful community feel. We have many whole school and community activities that are supported by our parents and the wider community. Our parents are similarly committed to educational initiatives and the day to day business of the school. We have a nurturing, safe environment which encourages all children to be engaged in their education and to reach their full potential physically, emotionally and academically. Our grounds are well maintained and there is a range of playground equipment, hard courts and passive areas for the children to access during recess and lunchtimes. ACPS has high expectations of both staff and students, and this is reflected in our academic outcomes and Student and Parent Opinion Surveys.

We believe that students have rights as well as responsibilities to ensure that they as well as their peers, achieve high standards and that students, teachers and parents should all work together for the best positive outcomes.

2. School values, philosophy and vision

Anderson's Creek Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, optimism, responsibility and honesty at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

3. Engagement strategies

Anderson's Creek Primary School has developed a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in our school. We acknowledge that some students may need extra social, emotional or educational support at school, and that the needs of students will change over time as they grow and learn.

A summary of the universal (whole of school), targeted (year group specific) and individual engagement strategies used by our school is included below:

'Buddy bench'

The buddy bench is a simple idea to eliminate loneliness and foster friendship in the playground. It is a tool for our playground and should be used appropriately.

Guidelines and strategies:

Children should be encouraged to have a plan before they go out to play.

Children should use their words FIRST before using the buddy bench.

- Rest and think.... what would you like to do?
- You can still be active on the bench by thinking about your plan.
- Look around and see if you can still join in somewhere.
- If you can see something you'd like to play, you can get off the bench and go and play.
- If you see a friend you want to invite to play, you can get off the bench, go up to a person and ask if they would like to walk or talk or play today.
- Sit and wait for a friend to ask you to play, then go with that friend that offers.
- If you sit on the bench you must say YES to the friend who invites you.
- Two friends sitting on the bench can turn to one another and invite each other to play.

Where necessary the school will support the student's family to engage by:

- being responsive and sensitive to changes in the student's circumstances and health and wellbeing
- collaborating, where appropriate and with the support of the student and their family, with any external allied health professionals, services or agencies that are supporting the student
- monitoring individual student attendance and developing an Attendance Improvement Plans in collaboration with the student and their family
- running regular Student Support Group meetings for all students:
 - with a disability
 - in Out of Home Care
 - and with other complex needs that require ongoing support and monitoring.

4. Identifying students in need of support

Anderson's Creek Primary School is committed to providing the necessary support to ensure our students are supported intellectually, emotionally and socially. The Student Wellbeing team plays a significant role in developing and implementing strategies help identify students in need of support and enhance student wellbeing. ACPS will utilise the following information and tools to identify students in need of extra emotional, social or educational support:

5. Student rights and responsibilities

All members of our school community have a right to experience a safe and supportive school environment. We expect that all students, staff, parents and carers treat each other with respect and dignity. Our school's Statement of Values highlights the rights and responsibilities of members of our community.

Students have the right to:

- respect the right of others to learn.

Students who may have a complaint or concern about something that has happened at school are encouraged to speak to their parents or carers and approach a trusted teacher or a member of the school leadership team.

6. Student behavioural expectations

Behavioural expectations of students, staff and families are grounded in our school's Statement of Values. Student bullying behaviour will be responded to consistently with Anderson's Creek Primary School's Bullying policy.

When a student acts in breach of the behaviour standards of our school community, ACPS will institute a staged response, consistent with the Department's policies on behaviour, discipline and student wellbeing and engagement. Where appropriate, parents will be informed about the inappropriate behaviour and the disciplinary action taken by teachers and other school staff.

Our school considers, explores and implements positive and non-punitive interventions to support student behaviour before considering disciplinary measures such as detention, withdrawal of privileges or withdrawal from class.

Disciplinary measures may be used as part of a staged response to inappropriate behaviour in combination with other engagement and support strategies to ensure that factors that may have contributed to the student's behaviour are identified and addressed. Disciplinary measures at our school will be applied fairly and consistently. Students will always be provided with an opportunity to be heard.

Disciplinary measures that may be applied include:

- warning a student that their behaviour is inappropriate
- teacher controlled consequences such as moving a student in a classroom or other reasonable and proportionate responses to misbehaviour
- withdrawal of privileges
- referral to the assistant principal or the principal
- restorative practices
- detentions
- behaviour support and intervention meetings
- suspension
- expulsion

Suspension, expulsion and restrictive interventions are measures of last resort and may only be used in situations consistent with Department policy, available at:

- <https://www2.education.vic.gov.au/pal/suspensions/policy>
- <https://www2.education.vic.gov.au/pal/expulsions/policy>
- <https://www2.education.vic.gov.au/pal/restraint-seclusion/policy>

The Principal of Anderson's Creek Primary School is responsible for ensuring all suspensions and expulsions are recorded on CASES21.

Corporal punishment is prohibited in our school and will not be used in any circumstance.

7. Engaging with families

Anderson's Creek Primary School values the input of parents and carers, and we will strive to support families to engage in their child's learning and build their capacity as active learners. We aim to be partners in learning with parents and carers in our school community.

8. Evaluation
