

Dear parent/guardian,

Andersons Creek Primary School is looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2025.

The environment and resources that we enjoy today represent the contributions made by our parent/carer community over many years. Parent/Carers contributions make a significant difference to the quality of our programs. This financial support ensures that we can continue to provide the excellent range of facilities and resources for your children. Your support enables us to:

- Provide high quality learning programs that are supported with specialist materials and equipment to enhance literacy and numeracy development.
- Provide students with a broad range of specialist subjects and extracurricular programs to enrich their learning and nurture their individual talents and interests.
- Enhance student learning by providing access to well maintained and contemporary technologies such as iPads and computers.
- Utilise online digital subscriptions to evidence based literacy and numeracy platforms that enhance learning.
- Provide a range of specialist equipment to enhance learning in Physical Education, Visual Arts, Performing Arts and STEAM.
- Support our students social/emotional development through our dedicated Thrive Program.
- Provide effective First Aid for all students.
- Continually improve our grounds and facilities. In 2023 this has included the construction of new play spaces, internal and external painting upgrades, and refurbishment of our portable building into an Open Learning and STEAM Centre.
- To support classroom learning, our school will provide digital devices from our managed fleet for use in the classroom. This approach supports our school's initiative of providing devices rather than relying on Bring Your Own Device (BYOD). Additionally, this contribution helps fund ongoing upgrades to our technology, ensuring that all students have access to the latest and most effective tools for their education.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Yours sincerely,

Daniel Webber
