

FIRST AID POLICY

Help for non-English speakers

If you need help to understand the information in this policy please contact school reception on 9844 2757.

PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis and asthma are provided for in our school's:

- *Anaphylaxis Policy*
- *Asthma Policy*

This policy does not include information on first aid requirements for COVID-19. Our school follows the Department's operational guidance for first aid management relating to COVID-19.

POLICY

From time to time Anderson's Creek Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The Principal will ensure that Anderson's Creek Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school's trained first aid officers are listed in our OHS Training Planner. Our OHS Training Planner includes the expiry dates of the training.

This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan.

Anderson's Creek Primary School trained first aid officers:

- At least three staff members will be designated first aid officers at all times.
- All school excursions will have at least one staff member with appropriate first aid training.
- The school requires that all staff are trained to a level 2 first aid certificate AND have up-to-date CPR qualifications.

First aid kits

Anderson's Creek Primary School will maintain:

- 3 major first aid kits.
- 3 portable first aid kits which may be used for excursions, camps, or yard duty.
- All first aid kits will be stored in the first aid room.

The First Aid Officer will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to [First aid kits](#).

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the first aid room and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid room/sick bay area

Our school follows the Department's policy and guidance in relation to our first aid room/sick bay area to ensure it is safe, hygienic and appropriately equipped: [First aid rooms and sick bays](#).

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carers consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.

- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Anderson's Creek Primary School staff will notify parents/carers by either sending a note home to parents/carers, via email or by phone call.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment is administered to a student resulting from a student incident, injury or illness, Anderson's Creek Primary School will:
 - record the incident on CASES21, which is an electronic case management system managed through the Department of Education. This relates to all major incidents.
 - For minor illness/injuries, the school will create a written record via the 'illness injury patient notification' system and provide a copy to the student to send home.
 - if care was provided in response to a medical emergency or reportable incident, follow the Department's [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy.

In accordance with Department of Education and Training policy, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury. For further information refer to the Department's Policy and Advisory Library: [Medication](#)

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training and is reviewed annually.

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Included in staff induction processes and staff training
- Hard copy available from school administration upon request
